

Wallah We Can

1- Wallah We Can (WWC)

Wallah We Can is a Tunisian association founded in 2012. The association strives to guarantee children equitable access to education, an enabling environment for learning and decent living conditions. It implements sustainable, economical and ecological solutions, guaranteeing children a more equitable and bright future for children.

In accordance with the **Universal Declaration of Human Rights**, WWC develops projects to guarantee:

The right to health

The right to education

The right to fulfillment

The right to physical protection

The right to legal protection

2- As a commitment to children today is an investment in the adults of tomorrow, WWC is developing 2 pilot projects:

GreenSchool

Transforms public schools into social ventures that generate solar energy and agricultural wealth in order to improve the living and studying conditions of students.

Ecolibree

Fights against school dropout and advocates for health and wellness by providing young girls in marginalized areas hygienic and ecological menstrual kits.

3- Our Achievements in Makthar boarding middle school:

ENERGY

- 140 solar panels and 50 solar water heaters installed
- Insulation and waterproofing of buildings
- Upgrading of electrical installations to compliance

AGRICULTURE

- 8 hectares of cultivated land and a 200 m2 greenhouse
- 9 parents employed in compliance with labor laws
- 150 tons of fruits and vegetables harvested per year for use in the school canteen

EDUCATION

- 13 extracurricular clubs (entrepreneurship, coding, women's basketball...)
- 1 multi-sport field
- 1 cinema room
- 1 E-learning room

HEALTH

- Training and sensitization on menstruation
- Production of washable sanitary kits
- 15,000 washable sanitary pants distributed

Let's invest in children!
